

Heliski day with 2 flights - An exciting day of heli-skiing on the Grand Combin massif. This 4.300m high Swiss giant oversees the Aosta Valley and is visible from the town of Aosta. While the Grand Combin is located in Switzerland, the slopes on the Italian side of the massif provide descents with vertical drops from 700 to 1300 vm. Our ski area is delimited by the Mont Gelé and Glacier, the canyons of the Testa di By and the gentle slopes of the Col de Champillon. We will enjoy the snow on different slopes and your guide will lead you along the runs that are best suited to your abilities. The starting point of this exciting experience is the village of Glacier in the municipality of Ollomont (I). Taking off from 1550 m, we first fly up to the 3518 m of Mont Gelé. There are numerous landings in the basin of By that will allow us to take advantage of the different exposures in our search for the best snow. Since 2019, we manage in Ollomont an exclusive heliski area dedicated to lovers of off-piste and fresh snow, but above all, in the spring, it is fantastic to ski on the velvety snow.

#### Why to Ollomont with the Heli-Guides Group:

For more than 20 years, the team of Heli-Guides operates in the heli-skiing business. Since 2012, we are operating with our own helicopter company SKY Aviation in Courmayeur and all heli-skiing related services are provided to you from one single source. You benefit from our expertise and knowledge of the skiing areas as well as a maximum of individuality and flexibility. Our highly experienced IFMGA/UIAGM guides will select the best descents according to the snow conditions and your skiing abilities. Always keeping safety first, our goal is to help you fulfill your dreams and expectations.

#### Snow information:

Thanks to weather influences from the north, west and south, we can expect heavy snowfall during the winter. From February to mid-March we can find the best powder snow conditions and, thanks to the exposition, the fresh snow will stay for several days. At high altitude it is possible to ski until mid-May; with the complicity of snow and sunshine, from mid-March, snow quickly turns into a paradise for the lovers of "firn").

#### Maximize your Heli-Skiing time with our small groups:

Small groups mean shorter waiting times between runs, so you can make the most of your time on the mountain. By using smaller, more agile helicopters, you can explore further and deeper into our majestic playground. We work with a maximum of 4 participants per mountain guide.

Hotel:

Hotel and Restaurant **La Grandze de François** in Ollomont.

The family will host you in their "grandze", an old barn transformed into six comfortable and welcoming rooms, furnished with love in the typical alpine style, which warm hearts even on the coldest days. Each room is equipped with free Wi-Fi, a kettle, a safe, a private bathroom (with shower, towels, hair dryer): everything to pamper you with a restful and peaceful atmosphere. Breakfast is served in the restaurant - the best time to prepare for a day of heliskiing. After a day full of excitement, you can enjoy an excellent dinner at the Hotel restaurant: La Taverne will offer you a typical cuisine that reflects the natural flow of the seasons and enhances the flavors of local products.

Itinerary:

- 1<sup>st</sup> day:** Arrival at your hotel in Ollomont. Around 5:30 p.m., the guide will introduce the program of the following days, informing you about weather and snow conditions, will check your equipment and material (ski, ABS, avalanche transceiver...).
- 2<sup>nd</sup> - 3<sup>th</sup> day:** Every day, depending on snow and weather conditions and avalanche risks, you will have the opportunity to enjoy heliski. The mountain guide will check and/or provide the safety equipment (avalanche transceiver, shovel, probe and ABS backpack) and give you a safety briefing for rules and procedures to follow during the day. Once ready you will fly to the first destination of the day. Your guide will make sure you ski the most beautiful descents considering the highest safety standards according to the conditions of the day. The guide will lead you along the most exciting runs of the area, constantly looking for the best snow. If you wish, you can add extra flights to enjoy further descents. The day ends with a return flight, necessary to reach the valley where you can taste the typical dishes of the region accompanied by a great bottle of local wine.

**Additional helicopter flights in a group of 4 participants:**

175.00 - 195.00 Euro per person and flight depending on the landing place (*per flight and person - flight tax included- flight in a group of 4 participants. Flight prices increase with a smaller group*). The vertical drops depending on the landing place lie between 700vm and 1300vm.

**Refund helicopter flights in a group of 4 participants:**

In the case of wind, bad weather or avalanche risk we refund 115.00 Euro per flight and person. No refund will be done in case of illness, accident, deficiency of physical shape – lack of condition, bad skiing level, late arrival and breaks during the skiing days.

**How to find us:**

Our office and helicopter base is located near Val Veny and the Skyway cable car in Courmayeur. You will find us on Google Maps: [HELISKI-COURMAYEUR](#) Address: Heliski-Courmayeur Elisuperficie Franco Garda Loc. Entreves - P.le Funivie Val Veny I-11013 Courmayeur (AO) Phone +39 366 629 2888.

**Helicopter:**

Airbus helicopter AS 350 Ecureuil B3

**Additional costs:**

Additional helicopter flights (*see point additional helicopter flights*), transfer flights out of the area in case of insufficient snow conditions and high avalanche risk (*see point additional helicopter flights*), additional flight taxes (*Euro 10,00 per person and flight*), ski pass if necessary, rental equipment, lunch, drinks, and all other services are not included.

**Requirements:**

You will need to be a safe off-piste skier in all snow conditions and fit enough to cope with skiing off-piste up to 5000 vertical meters daily. Safe ski and snowboard technique in every terrain is essential. For group bookings, we can adjust to the individual skiing skills and group level.
